### **Details**

It's that time of year again, Clidive are getting wrapped up in their winter woollies to go hiking! We'll be heading out on a circular route through the woods, parkland and fields of Kent for a diverse and stunning hike via Knole House, Knole Deer Park and Ingham Mote.

Come and see why the beauty of this area attracted the Beatles to film promotional videos for "Penny Lane" and "Strawberry Fields Forever" here. Highlights are:

- Hike along a stunning section of the Greensands Way
- Explore the magnificent 1000 acre Knole Deer Park
- See the stunning Knole House – one of England's largest houses
- Pass through Ingham Mote – Grade 1 listed medieval manor house dating from circa 1340-1360

The walk is around 10 miles and we will be taking it at quite a leisurely pace. The terrain is mainly flat with a couple of hills and may be quite muddy in places due to the time of year. There will be the opportunity to stop for refreshments at Ingham Mote, plus we will finish with a well-deserved bite to eat at a pub in Seven Oaks before heading home.

Contact Katy O'Connell at [social@clidive.org](mailto:social@clidive.org) if you like to come or have any queries. A whatsapp group will be created nearer the time. Friends and Family are most welcome!
